Environmental Branch

OCT 27 2005

TO PARTICIPANTS AND ATTENDEES:

Thank you for your attendance and participation in the Public Scoping Meeting held on September 8, 2005 in Satellite Beach, Florida on the Mid-Reach of the Brevard County Shore Protection Project. Pursuant to the National Environmental Policy Act and associated regulations (40 CFR 1501.7), the "scoping" process is used to determine the "scope" of issues to be considered in the Draft Environmental Impact Statement (EIS).

A broad range of views and issues were presented at the public scoping meeting. The transcript (and/or audio file) of the meeting and written submittals are being posted on the internet at <http://www.saj.usace.army.mil/pd/env-doc.htm> under Brevard County (except for publicly available information and copyrighted materials). The transcript and all submittals are being incorporated into the administrative record and will be considered in determining the scope of the Draft EIS. If you have any additional information relevant to the scope of the proposed Draft EIS, please submit it to the Chief of Planning at the letterhead address by October 31, 2005.

When prepared, the Draft EIS will be made available for public and agency comment. In addition, we expect to hold a public meeting on the Draft EIS. Unless you indicate otherwise, you have been included on the mailing list to announce the availability of the draft EIS and any public meeting concerning the draft EIS.

Sincerely,

A handwritten signature in black ink, appearing to read "Stuart J. Appelbaum", is written over a diagonal line.

Stuart J. Appelbaum
Chief, Planning Division
